5th Shore Angling for Masters World Championship

From 1st to 8th of October 2022, Ortona (Italy)

A warm welcome to fishing friends.

I am very proud and happy to extend, on my name and on behalf of the Italian Federation of Sport Fishing and Underwater Activities (FIPSAS), the sincerest welcome to all participants in this important world championship, which will be held from 01 to 08 October 2022 in a wonderful area of Abruzzo Region, along the coast named "Costa dei Trabocchi".

I am absolutely certain that all the athletes, managers and judges who will reach this splendid territory will have the opportunity to know and appreciate the beauties of these places and the hospitality of the Abruzzo's population and of all those who have made the utmost effort to make this important sport fishing event be successful.

While expressing my sincere welcome to all participants, I also hope you will enjoy wonderful days under the banner of Sport.

Let me address a special "good luck" to all the stewards who are called to direct the scheduled competition, ensuring its complete regularity, certain that even on this occasion they will be able to demonstrate their professionalism and skills, just as they did on previous occasions.

Finally, I feel the duty and the pleasure to thank the Organisers, the local Authorities and all the journalists present at the event for their support and their contribution to the success of this event.

FIPSAS President
Prof. Ugo Claudio Matteoli

I am pleased to express the most cordial and affectionate welcome from my staff and from the FIPSAS Surface Fishing Sector that I am honoured to represent, to all the participants at the 5th Shore Angling for Masters World Championship, scheduled in Ortona (CH).

I am sure that the traditional hospitality of Abruzzo will be highly appreciated by athletes, managers, captains and companions of all the national teams. The territory, excellently represented by administrative and sports bodies, will not disappoint the National and International Federation and all of you, for the allocation of the organization of such an important sports event.

My heartfelt thanks go to all those, authorities, organisers, athletes, technicians, volunteers who will participate and contribute to the success of the event, in a difficult social and historical moment, which at the same time, requires unprecedented commitment and enthusiasm for the success of the event.

To all the teams, together with my greetings and those of the Surface Fishing Sector, I also wish to spend intense days of sport, fun and healthy competition, regardless of what the result will be.

Responsible of the FIPSAS Surface Fishing Sector
Antonio Fusconi

I extend my warmest welcome to you all to this important and exceptional sporting event.

The Championship, which takes place in Ortona, in the Province of Chieti, involves a discipline capable of expressing the highest competitive, technical and sporting values.

The World of Shore Angling in Italy is one of the most followed Sea Fishing disciplines. The Master category in this panorama has an important value and in Ortona you can find Athletes that spent their competitive activity all over the world, a great wealth of experiences of sacrifices that in the beaches of Ortona will put their experiences and technical skills to good use. For over ten days the Trabocchi coast will be at the centre of all fans of this discipline who will watch and follow carefully the competition.

We are hosted by the city of Ortona, a splendid Italian town overlooking the Adriatic Sea with an important historical and artistic heritage and, like all Italian cities, known for the hospitality of its inhabitants. The athletes who participate will be able to appreciate its food and wine that will conquer all those present, will be dazzled by the spectacular opening ceremony.

These premises are fundamental for the success of the event and I am sure that this hospitality will be accompanied by a competitive spirit animated by great loyalty.

I conclude by thanking the organizing committee, the authorities and all those who will do their utmost to create a brilliant event and "may the best one win!".

Vice-responsible of the FIPSAS Surface Fishing Sector – Sea Fishing division
Stefano Sarti

Being able to bring to Abruzzo, in the D'Annunzio Adriatic coast of the Trabocchi coast, an important and prestigious event such as the 5th Shore Angling for Masters World Championship, is certainly a source of great pride for the FIPSAS Regional Committee that I have the honour to represent. I am therefore particularly delighted to extend the kindest greetings to all the athletes, representatives of the participating nations, who will participate in this highly competitive challenge.

This event lends itself to assume, in a moment of difficulty due to the Coronavirus emergency, the role of an unavoidable combination of sport and prominence of the territory, in an ideal naturalistic and sporting scenario, which the splendid location of the "Costa dei Trabocchi" will be able to enhance the better.

For a week we will offer our beauties from Ortona to Fossacesia, from Casalbordino to Vasto, together with our ability to provide all the necessary support, technology and logistics, and for this I thank the National Federation which once again believed in our potentials, commitment and skills of the Organizing Committee, of the FIPSAS Section of Chieti and of the Companies that collaborate with passion.

Finally, I thank the Abruzzo Region, the Province of Chieti, the Administrations of the Municipalities involved, the Port Authority of Ortona, once again they did not miss to support us, helping to give reality to a World event that will enrich even more the appeal that the Abruzzo coast has.

President of the Abruzzo Regional Committee of FIPSAS
Carlo Paolini

It is with a huge honour that the Provincial FIPSAS Section of Chieti is pleased to host the 5th Shore Angling for Masters World Championship which will take place in Ortona and which will see the unique beauty of our Costa dei Trabocchi as protagonist. Special thanks go to FIPSAS for the trust in us in organising such an important event. I thank the Authorities, the organizing committee and all those who will do their utmost efforts to ensure the success of such a high-level event. I wish the best of luck to all participants and to all the Organisational staff.

President of the FIPSAS Provincial section of Chieti
Vittorio Alibertini

EXCURSIONS

Costa dei Trabocchi

Along the southern stretch of the Abruzzo coast, between Ortona and Vasto, the famous and celebrated "trabocchi" rise as sentinels on the sea, compared by Gabriele D'Annunzio to "colossal spiders" and described in the tragedy "The Triumph of Death" as "machines that seemed to have a life of their own".

Ortona

It is a city fair of culture and sea, home to eclectic artists, one of the most popular seaside resorts on the Chieti coast. Its long coastline, after a first stretch of wide and sandy beach to the north (location Foro, Lido Riccio and Lido dei Saraceni), changes its appearance and becomes a succession of inlets, bays, cliffs and promontories overlooking the sea with rich vegetation Mediterranean type. Here begins

the suggestive and peculiar "Costa dei Trabocchi" which extends up to Vasto. The city stands on a hill and from its splendid "Oriental Walk" you can enjoy an extraordinary panorama.
